YOUTH GOT YEAR FOR THEFT; FREED

FRANCIS CURRY, 14, SENTENCED TO BE AT CHRISTIAN CHURCH.

FINE 2 FOR SHOOTING ON PUBLIC HIGHWAY

Evangelist Price Begins Two Weeks State Laws, Charged—Hear New Will Direct Music.

Circuit court was convened today after a three days recess for a consideration of a number of criminal and civil cases on the April term docket. The cases not settled or continued today, will probably be set over. Virtually the entire docket, however, is expected to be purged today.

One new arrest on a grand jury indictment was reported this morning by Sheriff Edwin Wallace. It was that of Leo Coon, now of St. Joseph, but formerly of Jefferson township, who was charged with having shot on a public highway. He pleaded guilty and was fined \$5 by Judge W. C. Ellison. This is the extreme penalty for such an offense. He paid the fine.

Denies He Gambled.

James Palmer, negro, of Maryville, who was arrested this week, on two charges of gaming, pleaded not guilty when arraigned this morning, and his case was set for hearing next September. He gave \$200 bond on each count for his appearance there.

Civil actions were taken as follows: Nodaway County against John F. Roelofson, guardian of the estate of Robert O. Williams, appeal from Probate court continued.

Martin Borrusch and John Borrusch against James W. Herndon, contract, dismissed.

Laura E. Cloud against Royal Casualty company, contract, continued.

Village of Conception Junction against P. R. Growney and others, damages, dismissed.

J. W. Herndon against J. H. Gatton, contract, judgment for \$175 for plaintiff.

State against Benjamin Auffart, appeal, motion, continued.

Another Linebaugh Suit.

William Rogers, who also was arraigned in circuit court this morning on a charge of shooting along a public highway, pleaded guilty and his fine fixed at \$5.

Francis Curry, the 14-year-old son of Marion Curry, near Clearmont, arrested yesterday on a charge of petty larceny, was sentenced to serve one year in the county jail by Judge Ellison, when arraigned, but later paroled on condition that he pay costs of the case.

It is believed the only case which will not be disposed of this afternoon will be a new appeal case from justice court filed today. It is a suit of Duffy A. Wallace against William T. Humphrey, for possession of forty acres of land east of Clearmont. Wallace says Humphrey recently tore down some of the boundary fence, and asks damage for the same.

The case will be tried before a jury in circuit court Monday.

That the suit growing out of the Graham consolidated school district is not yet settled, despite decisions relating to the old William Linebaugh estate, a when a bill of exceptions was filed by the state. It was ordered made a part of the record of the case.

CHRISTIANS PREPARE GARDEN.

Vacant Lot Farming Aided by Donor, A. S. Robey—Burn Trash and Level Ground.

The vacant lot at the southeast corner of Fourth and Buchanan streets, owned by Arthur S. Robey, is being cleared this week of rubbish, the "leavings" of a large cotton wood tree, and the ground being leveled, that the Sunday school pupils of the First Christian church may begin gardening next week. The work is under the direction of the donor, who also is assisting physically in the clean-up.

The old stump will remain, that vines may be trailed around and over it, making the garden artistic and beautiful as well as a financial benefit.

SWISS GOT GERMAN FIRE

Poor Aim on French Post Causes Projectiles to Fall on Neutral Land. By American Press.

Delemont, Switzerland, April 17.—German shells fell on Swiss territory Tuesday for the third time since the outbreak of the war. The Germans were trying to destroy the French observation post at Pfefferhausen, but the gunners' aim was poor and projectiles overshot their target, dropping around the town of Beurnevesal.

HIGH SCHOOL PLAY WAS GOOD.

"The Japanese Girl" Well Acted by Girls' Glee Club.

The farcical play, "The Japanese Girl," in two acts, given last night by the Girls' Glee club of the high school, proved to be a success both in point of acting and in financial returns. The receipts, totaling about \$35, will be added to the piano fund. The costumes were in Japanese and beautiful.

The play songs were in Japanese or other foreign tongues, while the scenes also represented the land of Nippon. Miss Amy Clark took the part of the Japanese girl of position, while Miss Marie Hopper and Miss Ruby Irwin were her "cousins." The part of the head servant was taken by Miss Kathleen Chittenden. Miss Mary Woolbridge and Miss Vijuine Golden were the American girls, and Miss Doris E. Sayler their governess.

Others who took part in the dances and chorus were: Greta Kemp, Verna Cort, Ruth Hanks, Mary Sewell, Mary Margaret Richey, Alma Lucas, Gladys Harper, Brownie Helpley, Vella Booth, Mary Lewis, Mabel Curnutt, Matie Evans, Edith Holt, Olivette Godsey, Ula Strader, Helen Davis, Mattie Clayton, Irene Westfall, Alta Doyle, Ruby Irwin, Kathleen Chittenden, Loma Bowers, Lucile Wiley, Wave Hulet, Clara Wray, Marcia Cutler, Beulah Bagby, Nellie Fisher, Lois Wiley, Marie Hopper and Ethel Ray.

The high school orchestra, which furnished several selections during the play, was composed of Virginia Lawson, piano; Ruth Hanks, Ralph Yehle, Don Roberts, violins; Truman Barbour, Clarinet; Hobson Pierson, cornet; Jules Philip Colbert, bass drum; Harold Adle, snare drum.

TRY-OUT FOR TRACK MEET.

St. Joseph Central School Athletes Practice Today for Event Here.

Students of the Central high school, St. Joseph, went to Lake Contrary this afternoon for a final try-out for the annual inter-high school track meet here next Saturday.

Today's meet will take the place of the annual inter-class meet generally held as a competition in order to select entries for the Maryville contests.

Some members of the team which will take part in the meet at Maryville are known. The athletic ability of the most dependable men is so well known that there is no chance of any mistake regarding entries, says "Ham" Hamilton in the St. Joseph Gazette.

It is certain that Barrett Castle will be entered in the 100-yard dash, the 200-yard hurdles, and the running broad jump. He also probably will be a member of the relay team.

Marion Martin, captain of this year's squad, probably will be entered in the 120-yard hurdles, the 100-yard dash, 220-yard dash, and running broad jump.

Sellers, who last year broke the northwest Missouri record in the 440-yard dash, is looking better this spring and Coach Moyer expects him to do as well this year. He also will be an entry in the half-mile run.

Spratt and Cash are being groomed for the high jump. Cash also will be entered in the pole vault. As has been the case for several years, Central appears weak in the field events.

K. of P. Attention!

All brothers of Tancred Lodge, No. 84, K. of P., are urged to meet at its lodge rooms Sunday, April 18, 1915, at 1:30 o'clock, for the purpose of attending the funeral of our late brother, Christian Buterush.

WILL ORGANIZE LEAGUE.

Dr. D. J. Evans of William Jewell College to Speak Tonight.

Tonight at the First Baptist church a banquet will be given in honor of Dr. D. J. Evans, head of the theological department of William Jewell college. Following the banquet, an organization which will be known as the William Jewell League will be formed.

The hour of the church service has also been placed at 3:15 instead of 2:30 o'clock as first announced, on account of the funeral services of C. H. Buterush to be held at the later hour.

This service, which is conducted by the "Billy" Davison gospel team of Des Moines, Ia., promises to be one of the largest men's meetings ever held in the city.

The Brotherhood of each church will meet at 3 o'clock at its church and go in body to the Christian church. The Maryville Concert band will play for the meeting instead of giving their usual concert, and there will be music by Paul Wells, soloist of Central church, Des Moines, and by a double quartet under the direction of Prof. H. B. Schuler.

Dr. Evans will make an address and he will also preach at both the morning and evening services at the First Baptist church tomorrow.

Monday night the advisory board and the board of deacons of the church will hold their quarterly banquet and conferences at the church. About forty will be present.

CONVENTION AT RAVENWOOD.

Jackson Township Sunday Schools in Union Meeting Sunday.

The Sunday school of Jackson township will hold a union convention at Ravenwood Methodist church tomorrow. Staple and John C. Staple of the Atchison County Mail, of Rock Port; Ben L. Perry of the Gallatin Democrat, Fred M. Harrison of the Gallatin North Missourian, and Frank Freytag, postmaster and editor of the St. Joseph Observer.

Arrangements are nearly ready for the press meeting and the program will be announced within a few days, or just as soon as the committee hears from a few others who have been selected to take part on the program.

PARCEL POST MAIL INCREASES.

First Half of April Gives Slight Rise Over Last October.

A count of the parcel post packages for the first fifteen days in April at the postoffice shows a slight increase in the number handled since the last report, which was for a like period in October, 1914. The number of parcels received from other offices for delivery at this office was 2,164, while there were 61 mailed here for local delivery.

There were 939 packages sent away, as compared to 800 last October. The total number of parcels handled in the April count was 3,164, while for October there were 2,076.

The count shows that more packages are sent away weighing 2 pounds than any other weight.

FEAR HESSIAN FLY AGAIN.

Damage Done Last Year Possibly Will Recur Some Farmers Believe.

Some farmers fear there will be trouble with wheat this year again on account of the Hessian fly. The fly did much damage in some fields last year. The advice was given to farmers to sow their wheat late last fall and thus avoid trouble with the fly as much as possible.

The wheat which was sowed early last fall was troubled with the pest. Much wheat could not be sowed until late on account of the very wet fall.

This has fared somewhat better than the early sown wheat. On the whole wheat looks good, farmers say.

The Democrat-Forum has had no contests, but it continues to be read by more people than any other paper in Nodaway county just the same.

It is said that during the past five years the various law making bodies have passed 50,000 new laws. And yet the legal assumption is that every man knows the law.

What has the Democratic party done to disturb any honest business man? To say that the cure of recognized and admitted abuses is an attack on business is like calling a physician a murderer when, in the patient's interest, he lances a boil. The Democratic party has been lancing boils—only a few, to be sure, but they were boils that had come to head and were ready to open. —William J. Bryan in the Commoner.

It takes concerted action, community pride of all classes, in all sections of a town, to bring about municipal cleanliness. Where fear of the law fails to achieve results, a sincere desire to make the whole town clean, will do the work.

While you are at it, just remember that it isn't enough to be clean yourself in your own home. It is the cleanliness of your neighbors that counts in the ultimate result. The flies that breed in your neighbor's open garbage pail, in the dirty alley behind the grocery, in the refuse pile of a livery stable on the other side of town, will carry germs of disease into your immaculate home. Some one else's damp cellar or seeping cess-pool can start an epidemic which the sanitation of your own home cannot overcome.

Clean-up campaigns are getting popular in America, because it means getting together in the interest of sanitation, good health and an attractive, livable city or town.

Self-Respect and Paint.

A thousand American cities and towns have taken up the National Clean Up and Paint Up Campaign that originated in St. Louis two seasons ago. It has been endorsed by thousands of civic, commercial and women's organizations all over the nation. The cities that have made themselves a part of the movement are cleaner and better cities because of it.

From time to time the Department of Agriculture urges upon the people of the country and the small town the necessity of the use of paint. Beauty and economy are the reasons dwelt upon by the government experts. Add to beauty and economy the fact that paint has a sanitary value and the arguments apply with added force to the big cities.

Naturally the paint dealer profits by such campaigns. None but the pessimist will object to this. He gives value received and more. The house that is painted is the better for it. A neighborhood that has cleaned up and painted up is a better one in which to live. Paint makes for self-respect and justifiable pride.—St. Louis Republic.

Hattie Patterson of Skidmore, vice-president; Mrs. Alfreda Tulloch of Barnard, secretary and treasurer. In the evening an open session was held. After the opening song "America," by the company, music was given by a quartet from the Barnard camp. Solos were given by Mrs. Bridges and Mrs. Tulloch of Barnard and a drill by the Skidmore team. Charles Badger of Barnard gave a tenor solo and the closing address was given by Mrs. Curry. Barnard and Skidmore each extended an invitation to the county lodge to hold the school at their towns next spring.

CITY AS CLEAN AS IT IS MADE.

Clean-up Campaigns Make for Sanitary, Healthful and Attractive, Livable Towns.

A town or city is as dirty or as attractive and clean as its people make it. It cannot rise above the level of its citizens. When traveling, you realize that a dirty city is made up of dirty households, inefficient citizenry. If you do not keep your city clean, you confess to an unclean individual homes.

As a man liveth, so is his home town. If you believe in your town and have testified to this belief by investing in property or a business venture, increase your property values and your income by demanding a clean town.

It takes concerted action, community pride of all classes, in all sections of a town, to bring about municipal cleanliness. Where fear of the law fails to achieve results, a sincere desire to make the whole town clean, will do the work.

GUARD AGAINST FIRES TOO

Clean-Up Flues and Yards to Prevent Flames Is Added Warning This Spring.

While the citizens of Maryville are preparing for the clean-up day, April 26, a suggestion that precautions be taken to guard against fires, too, is made by Mayor U. S. Wright. He asks all property owners and residents to aid the city in reducing the fire hazard to the minimum both as an economical and as a life saving feature.

While the housewife and hubby are cleaning the attic and the rooms and raking the lawn, it would be wise Mayor Wright suggests, that the flue be examined minutely, the yards cleared of inflammable material as much as possible and the city placed as freely as possible from fires.

In many cities of the country fire prevention weeks are set aside in April, St. Louis, Springfield, Joplin, Kansas City, and St. Joseph, each providing such a measure.

The fire losses in this country are more than \$400 a minute or \$250,000,000 a year, not to mention the 2,000 persons killed and the 6,000 injured every year by preventable fires. The per capita fire loss in Europe is 50 cents—in the United States it is \$3.50, or five times as great. With other precautions and cleanliness our fire losses can be made as low or lower than that of Europe, it is claimed.

The insurance companies point out that fire is a real economic waste, throwing men out of work, causing accidents, loss of life and loss of industries.

LOAFING HARDER THAN WORK.

Hopkins Retired Farmer Longs for Rural Industry—Like Many Others.

A citizen who recently came from his farm to make Hopkins, his former home, home, has told the Journal that it really worried him more to kill time in town than it did to sow oats or plow corn all day and he is seriously thinking of offering his property for sale and returning to the "soil."

That reminds W. L. Morehead of what Rolla Clymer, of the Olathe Mirror once said:

"Pity the poor exile who has moved to town from the farm to enjoy life for the balance of his days. There he stands on the street corner at 7:15 in the morning. He arose at 5: as per custom on the farm—polished off his measly little batch of town chores with one hand, and began the rounds of his loafing places before the town was awake.

He hasn't a place to go, for it is still too cool for the Spit and Argy club to take up its accustomed meeting place on the "bank corner" and the fel lows he used to chat with in his frequent loafing spells are too busy to spit getting seed oats in the ground.

"The long vacant day looms ahead. So he leans against the lamp post and thinks, and most of the time he just leans. If there ever was a picture of absolute melancholy, he's it."

TO STUDY EUROPEAN WAR.

Mr. and Mrs. M. J. Quinlan, Gilman City, Former Residents, Sail Next Month.

While a trip to Europe at this time might not seem altogether attractive to most of us, in fact it would appeal to very few, two former Maryville residents will leave next month for Europe to study the war at first hand and listen to the bullets whiz and the aeroplane propellers whiz.

The European sight-seers-to-be are none other than Dr. M. J. Quinlan of Gilman City, son of Margaret Quinlan, 209 West Eleventh street, and Mrs. Quinlan, a daughter of Mr. and Mrs. T. J. Clayton, 118 South Dewey street. Both Mr. and Mrs. Quinlan visited Maryville relatives recently, previous to going to the seat of war. They will first visit in Ireland, Scotland and England, then cross to the continent and there try to tour part of France, Germany, Belgium and perhaps other countries.

BLANCHARD MAY GET SEWERS.

Mass Meetings to Discuss Proposed Improvement—Little Opposition.

The business men of Blanchard, Ia., are favoring the calling of a special election to vote bonds for a proposed sewer system. Several mass meetings have been held and committees appointed to ascertain the cost of the mains and cost of upkeep and to designate streets under which they would be laid. There is little opposition to the proposition.

HOLT DEFERS BRIDGE PAYMENT.

Nedaway and Andrew Counties Make Payments on Tri-County Structure.

In a long distance telephonic communication with Contractor Seibert at Rochester, County Clerk Fred Yocomans was advised that payment for the tri-county bridge across the Nodaway river below Graham had been made by both Andrew and Nedaway counties, but that Holt had so far failed to pay its share. He said the county court of Holt county would wait for this county to pay the entire bill as per contract, then pay this county.

Nedaway's expense for the structure was approximately \$500. The span recently was inspected and approved.

200-ACRE FARM SOLD.

Charles D. Nicholas Sells to O. D. Walker and Charles Yharmark.

The 200-acre farm of Charles N. Nicholas, southwest of Maryville, was sold yesterday afternoon to O. D. Walker, near Barnard, and Charles Yharmark of Quiltman by G. B. Holmes. Mr. Nicholas expects to move to Maryville. Mr. Walker and Mr. Yharmark will probably cultivate the farm in partnership.

FRANCIS CURRY, 14, SENTENCED TO BE AT CHRISTIAN CHURCH.

FINE 2 FOR SHOOTING ON PUBLIC HIGHWAY

Evangelist Price Begins Two Weeks State Laws, Charged—Hear New Will Direct Music.

Circuit court was convened today after a three days recess for a consideration of a number of criminal and civil cases on the April term docket. The cases not settled or continued today, will probably be set over. Virtually the entire docket, however, is expected to be purged today.

One new arrest on a grand jury indictment was reported this morning by Sheriff Edwin Wallace. It was that of Leo Coon, now of St. Joseph, but formerly of Jefferson township, who was charged with having shot on a public highway. He pleaded guilty and was fined \$5 by Judge W. C. Ellison. This is the extreme penalty for such an offense. He paid the fine.

Denies He Gambled.

James Palmer, negro, of Maryville, who was arrested this week, on two charges of gaming, pleaded not guilty when arraigned this morning, and his case was set for hearing next September. He gave \$200 bond on each count for his appearance then.

Civil actions were taken as follows: Nodaway County against John F. Roelofson, guardian of the estate of Robert O. Williams, appeal from Probate court continued.

Martin Borrusch and John Borrusch against James W. Herndon, contract dismissed.

Laura E. Cloud against Royal Casualty company, contract, continued.

Village of Conception Junction against P. R. Grawney and others, damages dismissed.

J. W. Herndon against J. H. Gatton, contract, judgment for \$175 for plaintiff.

State against Benjamin Auffart, appeal, motion, continued.

Another Linebaugh Suit.

William Rogers, who also was arraigned in circuit court this morning on a charge of shooting along a public highway, pleaded guilty and his fine fixed at \$5.

Francis Curry, the 14-year-old son of Marion Curry, near Clearmont, arrested yesterday on a charge of petty larceny, was sentenced to serve one year in the county jail by Judge Ellerson, when arraigned, but later paroled on condition that he pay costs of the case.

It is believed the only case which will not be disposed of this afternoon will be a new appeal case from Justice court filed today. It is suit of Duffy A. Wallace against William T. Humphrey, for possession of forty acres due to it, was demonstrated today mile east of Clearmont. Wallace says Humphrey recently tore down some of the boundary fence, and asks damage for the same.

The case will be tried before a jury in circuit court Monday.

That the suit growing out of the Graham consolidated school district is not yet settled, despite decisions relative of the old William Linebaugh estate, a when a bill of exceptions was filed by the state. It was ordered made a part of the record of the case.

CHRISTIANS PREPARE GARDEN.

Vacant Lot Farming Aided by Donor, A. S. Robey—Burn Trash and Level Ground.

The vacant lot at the southeast corner of Fourth and Buchanan streets, owned by Arthur S. Robey, is being cleared this week of rubbish, the "leavings" of a large cotton wood tree, and the ground being leveled, that the Sunday school pupils of the First Christian church may begin gardening next week. The work is under the direction of the donor, who also is assisting physically in the clean-up.

The old stump will remain, that vines may be trailed around and over it, making the garden artistic and beautiful as well as a financial benefit.

SWISS GOT GERMAN FIRE

Poor Aim on French Post Causes Projectiles to Fall on Neutral Land. By American Press.

Delemont, Switzerland, April 17.—German shells fell on Swiss territory Tuesday for the third time since the outbreak of the war. The Germans were trying to destroy the French observation post at Pfetterhausen, but the gunners' aim was poor and projectiles overshot their target, dropping around the town of Beurnevesan.

HIGH SCHOOL PLAY WAS GOOD.

"The Japanese Girl" Well Acted by Girls' Glee Club.

The farcical play, "The Japanese Girl," in two acts, given last night by the Girls' Glee club of the high school, proved to be a success both in point of acting and in financial returns. The receipts, totaling about \$35, will be added to the piano fund. The costumes were in Japanese and beautiful.

The play songs were in Japanese or other foreign tongues, while the scenes also represented the land of Nippon. Miss Amy Clark took the part of the Japanese girl of position, while Miss Marie Hopper and Miss Ruby Irwin were her "cousins." The part of the head servant was taken by Miss Kathleen Chittenden. Miss Mary Woodbridge and Miss Vijuine Colden were the American girls, and Miss Doris E. Sayler their governess.

Others who took part in the dances and chorus were:

Greta Kemp, Verna Cort, Ruth Hankins, Mary Sewell, Mary Margaret Richey, Alma Lucas, Gladys Harper, Brownie Helpley, Vella Booth, Mary Lewis, Mabel Curnutt, Matie Evans, Edith Holt, Olivette Godsey, Ula Strader, Helen Davis, Mattie Clayton, Irene Westfall, Alta Doyle, Ruby Irwin, Kathleen Chittenden, Loma Bowers, Lucile Wiley, Wave Hulet, Clara Wray, March Cutler, Beulah Bagby, Nellie Fisher, Lois Wiley, Marie Hopper and Ethel Ray.

The high school orchestra, which furnished several selections during the play, was composed of Virginia Lawson, piano; Ruth Hankins, Ralph Yehle, Don Roberts, violins; Truman Barbour, Clarinet; Hobson Pierson, cornet; Jules Philip Colbert, bass drum; Harold Adle, snare drum.

TRY-OUT FOR TRACK MEET.

St. Joseph Central School Athletes Practice Today for Event Here.

Students of the Central high school, St. Joseph, went to Lake Contrary this afternoon for a final try-out for the annual inter-high school track meet here next Saturday.

Today's meet will take the place of the annual inter-class meet generally held as a competition in order to select entries for the Maryville contests.

Some members of the team which will take part in the meet at Maryville already are known. The athletic ability of the most dependable men is so well known that there is no chance of any mistake regarding entries, says "Ham" Hamilton in the St. Joseph Gazette.

It is certain that Barrett Castle will be entered in the 100-yard dash, the 220-yard hurdles, and the running broad jump. He also probably will be a member of the relay team.

Marion Martin, captain of this year's squad, probably will be entered in the 120-yard hurdles, the 100-yard dash, 220-yard dash, and running broad jump.

Sellars, who last year broke the northwest Missouri record in the 440-yard dash, is looking better this spring and Coach Moyer expects him to do as well this year. He also will be an entry in the half-mile run.

Spratt and Cash are groomed for the high jump. Cash also will be entered in the pole vault. As has been the case for several years, Central appears weak in the field events.

PARCEL POST MAIL INCREASES.

First Half of April Gives Slight Rise Over Last October.

A count of the parcel post packages for the first fifteen days in April at the postoffice shows a slight increase in the number handled since the last report, which was for a like period in October, 1914. The number of parcels received from other offices for delivery at this office was 2,164, while there were 61 mailed here for local delivery.

There were 929 packages sent away, as compared to 890 last October. The total number of parcels handled in the April count was 3,164, while for October there were 3,076.

The count shows that more packages are sent away weighing 2 pounds than any other weight.

It is said that during the past five years the various law making bodies have passed 50,000 new laws. And yet the legal assumption is that every man knows the law.

What has the Democratic party done to disturb any honest business man? To say that the cure of recognized and admitted abuses is an attack on business is like calling a physician a murderer when, in the patient's interest, he lances a boil. The Democratic party has been lancing boils—only a few, to be sure, but they were boils that had come to head and were ready to open. —William J. Bryan in the Commoner.

Royal Neighbors Meet.

The Royal Neighbors of Nodaway county held a school of instruction at Clearmont Thursday at which a large number of candidates were initiated and officers elected for the coming year for the county organization. A fine dinner was served at noon by the Clearmont lodge. The session convened at 2:30 o'clock, called to order by Mrs. Ella Curry of Chillicothe, state supervisor, who was assisted by the degree men of Pansy camp, No. 333 of Maryville, in exemplifying the ritualistic work. The camps represented were Clearmont, Burlington Junction, Skidmore, Barnard, Maryville and Braddyville, Ia. The address of welcome was given by Mrs. Laura Frymire of Clearmont and the response was given by Mrs. Alfreda Tulloch of Barnard. The election of officers then took place, those chosen being Mrs. Madge Bridges of Barnard, president; Mrs.

Hattie Patterson of Skidmore, vice-president; Mrs. Alfreda Tulloch of Barnard, secretary and treasurer. In the evening an open session was held. After the opening song "America," by the company, music was given by a quartet from the Barnard camp. Solos were given by Mrs. Bridges and Mrs. Tulloch of Barnard and a drill by the Skidmore team, Charles Badger of Barnard gave a tenor solo and the closing address was given by Mrs. Curry. Barnard and Skidmore each extended an invitation to the county lodge to hold the school at their towns next spring.

GUARD AGAINST FIRES TOO

Clean-Up Flues and Yards to Prevent Flames Is Added Warning This Spring.

While the citizens of Maryville are preparing for the clean-up day, April 20, a suggestion that precautions be taken to guard against fires, too, is made by Mayor U. S. Wright. He asks all property owners and residents to aid the city in reducing the fire hazard to the minimum both as an economical and as a life saving feature.

While the housewife and hubby are cleaning the attic and the rooms and raking the lawn, it would be wise Mayor Wright suggests, that the flue be examined minutely, the yards cleared of inflammable material as much as possible and the city placed as freely as possible from fires.

In many cities of the country fire prevention weeks are set aside in April, St. Louis, Springfield, Joplin, Kansas City, and St. Joseph, each providing such a measure.

The fire losses in this country are more than \$400 a minute or \$250,000,000 a year, not to mention the 2,000 persons killed and the 6,000 injured every year by preventable fires. The per capita fire loss in Europe is 50 cents—in the United States it is \$3.50, or five times as great. With other precautions and cleanliness our fire losses can be made as low or lower than that of Europe, it is claimed.

The insurance companies point out that fire is a real economic waste, throwing men out of work, causing accidents, loss of life and loss of industries.

LOAFING HARDER THAN WORK.

Hopkins Retired Farmer Longs for Rural Industry—Like Many Others.

A citizen who recently came from his farm to make Hopkins, his former home, home, has told the Journal that it really worried him more to kill time in town than it did to sow oats or plow corn all day and he is seriously thinking of offering his property for sale and returning to the "soil."

That reminds W. L. Morehead of what Rolla Clymer, of the Olathie Mirror once said:

"Pity the poor exile who has moved to town from the farm to enjoy life for the balance of his days. There he stands on the street corner at 7:15 in the morning. He arose at 5—as per custom on the farm—polished off his measly little batch of town chores with one hand, and began the rounds of his loafing places before the town was awake.

He hasn't a place to go, for it is still too cool for the Spit and Argy club to take up its accustomed meeting place on the "bank corner" and the fellows he used to chat with in his frequent loafing spells are too busy to spit getting seed oats in the ground.

"The long vacant day looms ahead. So he leans against the lamp post and thinks, and most of the time he just leans. If there ever was a picture of absolute melancholy, he's it."

TO STUDY EUROPEAN WAR.

Mr. and Mrs. M. J. Quinlan, Gilman City, Former Residents, Salt

Next Month.

While a trip to Europe at this time might not seem altogether attractive to most of us, in fact it would appeal to very few, two former Maryville residents will leave next month for Europe to study the war at first hand and listen to the bullets while the aeroplane propellers whir.

The European sight-seers-to-be are none other than Dr. M. J. Quinlan of Gilman City, son of Margaret Quinlan, 209 West Eleventh street, and Mrs. Quinlan, a daughter of Mr. and Mrs. T. J. Clayton, 118 South Dewey street.

Both Mr. and Mrs. Quinlan visited Maryville relatives recently, previous to going to the seat of war. They will first visit in Ireland, Scotland and England, then cross to the continent and there try to tour part of France, Germany, Belgium and perhaps other countries.

Home from Two Weeks Visit.

BLANCHARD MAY GET SEWERS.

Mass Meetings to Discuss Proposed Improvement—Little Opposition.

The business men of Blanchard, Ia., are favoring the calling of a special election to vote bonds for a proposed sewer system. Several mass meetings have been held and committees appointed to ascertain the cost of the mains and cost of upkeep and to designate streets under which they would be laid. There is little opposition to the proposition.

HOLT DEFERS BRIDGE PAYMENT.

Nodaway and Andrew Counties Make Payments on Tri-County Structure.

In a long distance telephonic communication with Contractor Seibert at Rochester, County Clerk Fred Yeomans was advised that payment for the tri-county bridge across the Nodaway river below Graham had been made by both Andrew and Nodaway counties, but that Holt had so far failed to pay its share. He said the county court of Holt county would wait for this county to pay the entire bill as per contract, then pay this county.
